THE ŪLFA APPROACH

## Thoughtfully designed. Artist-led. Distinctly ŪLFA.

Every experience is shaped by Dalia Yassin, multidisciplinary artist and creative facilitator. Drawing on her artistic practice, sociological background and training in modern arts and art therapy, Dalia creates experiences that are engaging, accessible and carefully facilitated.

She has led creative experiences for companies, schools and cultural organisations, including Amnesty International, Stockholmshem and Sony Music. No artistic experience is required: the focus is on exploration, collaboration and enjoying the process.

A CLIENT'S PERSPECTIVE

*"Nothing came close to the genuine connection our team experienced with Dalia. People who barely spoke in meetings were laughing together."*

**Daniel Gh · People & Culture Lead, Stockholmshem**

# Why teams choose ŪLFA.

A team event should leave people closer, calmer and more motivated. Every ŪLFA experience is designed around the outcomes managers care about, not just the evening itself.

01 **Stronger team bonds**
Working side by side on something creative breaks down hierarchies and builds trust between roles, teams and generations.

02 **A real reset**
A calm, screen-free change of pace for teams in high-pressure sales, service and customer-facing roles.

03 **Better communication**
Playful, hands-on collaboration helps colleagues see each other differently and talk more openly back at work.

04 **Recognition that lasts**
A thoughtfully designed celebration shows your people they are valued, supporting motivation and loyalty.
